

# User Documentation DealScout

## 1. What is DealScout?

DealScout is a free Chrome extension that automatically detects commercial offers in sponsored YouTube videos.

It works in one click, without collecting any data or interfering with your browsing.

## 2. How to install the extension?

The extension is temporarily offline for improvements. It will be back soon on the Chrome Web Store.

When available:

- Go to the Chrome Web Store
- Search for DealScout
- Click on Add to Chrome
- Confirm the installation

## 3. How to use DealScout?

1. Open a YouTube video with a sponsored offer
2. Click the DealScout icon in your extensions bar
3. Instantly, the following 3 pieces of information will appear:

Promo code

Discount percentage

Offer link

## 4. How does DealScout work?

DealScout acts as a smart reader of the YouTube page content:

- It analyzes visible text in the description and subtitles
- It uses intelligent rules (promo keyword detection)
- It sends no data externally
- Everything runs locally in your browser

## 5. Privacy

DealScout collects no personal data, browsing history, or any information related to your Google account.

The extension is designed to be 100% transparent and privacy-friendly.

## **6. Got a suggestion?**

You can contribute or suggest improvements directly on the DealScout website via the contact form.
