

# User Documentation — DealScout

## What is DealScout?

DealScout is a free open-source Chrome extension that automatically detects commercial offers in sponsored YouTube videos. It works in one click, without collecting data or interfering with your browsing.

## How to install the extension?

The extension is temporarily unavailable for improvement. It will soon return to the Chrome Web Store.

Once it's online:

1. Go to the Chrome Web Store
2. Search for DealScout
3. Click 'Add to Chrome'
4. Accept the installation

## How to use DealScout?

1. Open a YouTube video with a sponsored offer
2. Click the DealScout icon in your extension bar
3. Instantly, the following info appears:
  - Promo code
  - Discount percentage
  - Offer link

## How DealScout works

DealScout acts as a smart reader of the YouTube page:

- It analyzes visible text in the description and subtitles
- It uses intelligent rules (promo keyword detection)

- No data is sent externally
- Everything runs locally in your browser

## Privacy Policy

DealScout collects no personal data, browsing history, or Google account info. The extension is 100% open-source and transparent.

## Suggestions?

You can contribute or suggest improvements directly via the DealScout website contact form.
